

## Chesaning Athletics Dual Sport Athlete Form

It is not the policy of the Chesaning School District to promote dual sport participation among our student-athletes. We strongly believe that we should give as many students as possible the best experiences in high school athletics as possible. However, if a student-athlete and his/her parents believe that participating in multiple sports is in the student-athletes best interests than the following contract needs to be signed by the student, the parent(s), and both the primary and secondary sports' coaches.

It is hereby agreed that \_\_\_\_\_, a student-athlete at Chesaning High School will be allowed to participate in two sports during the \_\_\_\_\_ season of the \_\_\_\_\_ school year. The student-athlete agrees to declare a 'primary' sport and a 'secondary' sport. The 'primary' sport shall take precedence over the 'secondary' sport in all instances (games or practice) unless the 'primary' sport gives permission to the student-athlete to miss practice or a game. The 'primary' coach's decision is final. Every effort should be made before the season begins to work out a practice/game schedule between the two sports and the student-athlete. The student-athlete agrees to commit to a minimum of two hours of practice to the 'secondary' sport. This practice time may be unsupervised in many cases.
